## A Word from the Director

Written by Carol Petrina

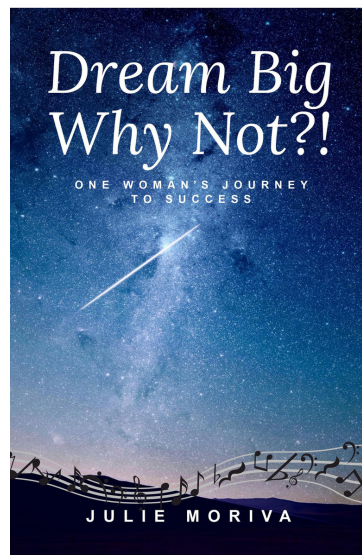

Summer is finally here! Pick up a great book and head to your favorite beach or hammock in the trees. James Patterson has teamed up with Bill Clinton for the exciting new book "The President is Missing." Get your name on the hold list if you're interested. We will be kicking off our "Libraries Rock!" summer reading at the end of June. Check the calendar for all the great events! I am very excited to meet Nashville songwriter Julie Moriva! She will be here on June 26th at 3:30. Stay cool and keep on reading!
